

Saint Francis

by
Year 3

**Saint Francis is the Patron
Saint of the Environment and
Animals...**

**Here is the story of St
Francis...**

**...we thought about St
Francis and his story and
came up with these
reflections...**

Here are our thoughts...

As we read out our reflections and ideas, you will see sentence appear that Year 3 created to summarise their thoughts about Saint Francis. It took a long time to make it exactly 30 letters!
Can you work out the sentence?

St Francis was a good man
because he wanted to care for
everything.

He showed courage because
he gave up his rich life and
died poor, just like Jesus.

He was a good man because
he showed respect to everyone
and gave up everything to
follow Jesus.

He showed care to animals and people because he lived his life as Jesus and God wanted.

He showed responsibility by following Jesus's values.

He was a good man because
he showed care to everything -
even a tiny worm.

He cared for others, not
himself!

St Francis was a kind and loving man who was never selfish.

He looked after the ill and
the poor people.

He made sad people happy.

He showed love and not
hate.

He cared for the homeless
and the poor.

He looked for the GOOD in
people!

He asked the birds to thank
God for the clean air they fly in.

He was not greedy.

He saw the good in people -
not the bad.

He was humble.

He sold his things so he
could give to the poor.

He brought peace to the
world.

Our whole class message
from the story is:

He gave hope and all the values to Earth.

No matter how rich or poor you
are you can show Jesus's
values...

Final reflection

Saint Francis and the Animals
